Keeping Up--
With Uplanders

THANKFULNESS

In this season of the year, a person analyzes himself and asks: "Why Am I Thankful and For What Should I Be Thankful?"

No official poll has been taken but we'll guess that 99.9 per cent of us find our lot just about perfect. Most of us are sound physically, usually eat too much and have plenty of opportunity for work and the enjoyment of the good things of life.

If we think hard, we can find some things that are not quite perfect but by and large we will admit that life is wonderful. Frankly, could we expect it to be much different? Do we deserve it any better? Thankfulness can be expressed daily; not just on Thanksgiving.

CLASSICAL MUSIC

I am proof that a person can learn to appreciate classical music. The London String quartet concert at Chaffey the other night was very thrilling for me. It wouldn't have been been that way a few years ago. People who can't enjoy concerts like that are really missing something. A two hour concert might put you to sleep the first time but it won't be long until you will be anticipating 'em. I'd still rather see a good football game than hear a concert but there was a time when I couldn't be bothered by classical programs.

Incidentally, the artist series is really outstanding and it affords a wonderful opportunity for all members of the family to appreciate the finer type of music.

CAMPUS AVENUE LEADERS

Campus avenue residents are important people in this community. They do not want their avenue changed and they don't want to have additional streams of traffic speeding past their homes.

And so their spokesmen expressed their views at the city council meeting a week ago. Their views may result in changes being made. At least, they spoke and their voice may affect the future development of Upland.

Verl C. Haynes, David J. Thomas and Albert T. Shukas are the group's leaders and they did a good job of presenting their case.

THE BETTER WAY

The following was furnished by an interested reader:

I'd rather see a sermon than hear one any day.
I'd rather one should walk with me, than merely show the way.
The eye's a better pupil and more willing than the ear;
Fine counsel is confusing but example's always clear;
And the best of all the preachers are the men who live their creeds.
For to see the good in action is what everybody needs.
I can soon learn how to do it if you'll let me see it done.
I can watch your hands in action but your tongue too fast may run.
And the lectures you deliver may be very wise and true.
But I'd rather get my lesson by observing what you do.
For I may misunderstand you, and the high advice you give,
But there's no misunderstanding how you act and how you live.

Air Races Will Be Here Dec. 3

Sponsored by the Old Baldy council of Boy Scouts, midget air races will be held at Cable's airport, West Thirteenth street from 2 to 4 p.m. Dec. 3. An additional feature will be parachute jumping, air acrobatics and a demonstration of low altitude strafing by three P-51 fighter planes.

Outstanding pilots who have appeared in many races, will be present for the local contest, according to R. E. "Tip" Brown, who is general chairman of the event for the Boy Scouts.

Pacific Air Races, Inc. is the commercial agency back of the project and it is donating all of its services and equipment. Dewey Cable, airport proprietor, has donated use of the airport and all gross proceeds from the sale of tickets will go to the Boy Scouts, Mr. Brown said.

Qualifying rounds will start at noon with a varied and thrilling show to be offered from 2 to 4 p.m.

No Adult Classes At Chaffey Tonight

No adult education classes will be held at Chaffey Friday night due to the Thanksgiving holiday.

Regular class schedule will be observed next week.

Rain Total

It rained several days during the last week and the storm totaled 1.19 inches, making the season's total 1.31 inches. A year ago the total was 2.42 at the Liberty Groves Operating corporation. The report was given by Mrs. Anthony Keyes.

$262,000 Bonds For Two Schools Issue in Voting

Two school elections within two weeks will present to residents in Alta Loma and Cucamonga the question of spending $262,000 in bonds for two new educational projects.

Alta Loma residents will vote next Tuesday and Cucamonga voters will ballot Dec. 12. Announcements about each election are given here:

Alta Loma

Residents in the Alta Loma school district will go to the polls next Tuesday to decide the question of bonding their property in the sum of $135,000 for the construction of a new school building.

Wide interest is being shown in the election and leaders in the program are pointing out that only through a new building can a satisfactory educational program be given to an increased number of students.

A tentative 10-acre site has been selected as a site for the new structure, which would replace the building now at Amethyst avenue and Nineteenth street.

The present building is not large enough to handle the present students and if additional facilities are not provided, further overcrowding will be necessary. The Alta Loma district population has been steadily gaining and school officials have concluded that only through erection of a new building can the residents be adequately served.

Polling place will be at the present school building and those who will handle the ballots are Llilian Rupp, Ellen S. Vickers and Eleanor Albert. The polling place will open at 9 a.m. and close at 7 p.m.

Members of the school board are Robert Thom, Carl B. Masingale and Lewis M. Gilbert.

Cucamonga

Voters in the Cucamonga school district will go to the polls Dec. 12 to decide on the issuance of bonds for the construction of a new building. The proposed bond issue is for $127,000.

Various features are combined in the one bond issue. These include purchase of a site, erection of a building, repairing or altering the present school building, furnishing the school building with equipment and permanent improvement of the school grounds.

Polling place for the election will be the school building on Archibald avenue south of the Santa Fe tracks and election officers at the voting place will be Maude Cooper, inspector, and Jessie B. English and Amelia Zuccatto judges.

If approved, the bond issue will provide money for replacing the present structure, which is now reported to be inadequate in size and condition. "An acceptable educational program" cannot now be conducted in the present building due to the classrooms being overcrowded and inadequate.

Officials have declared it is impractical to repair and revamp the old building on its present site since the state law is very stringent regarding requirements for safety of the children.

No definite decision has been reached for a new site for the structure.

The Rev. and Mrs. Earl Salzman and daughter, Ruth Ellen, 382 North Sixth avenue, enjoyed Thanksgiving dinner with Mr. and Mrs. Robert Adler at their home, 609 North Laurel avenue.

Here Are Upland Champs In "Touch" Football

Champions in the San Gabriel Valley Elementary football league are the eighth grade heavyweights at the Upland junior high school as shown above. The team's goal line was untouched and they won all games. Wilson Stone on the left in the rear row is the coach. Reading from left to right the players are front row—Larry Wood, assistant manager; Charles Doughty, Eugene Anguiano, Alan McNeil, Charles Flores, Jack Diaz, Elmer Jeran, Tommy Hoover, Dick MacLean and James Haase; back row—Mr. Stone, Raymond Buckwalter, Allen Scheu, Dick O'Connor, Louis Hoyos, Elton Curteman, Larry McMasters, Ronald Rose and Raoul Molinar. Not present for the picture were Dan Cotter, Bob Asper and Bob Allen, the latter two being manager and an assistant.

Procedure in Selecting Chief Meets with Apparent Approval

General approval by the public has apparently been given to the Upland city council's decision to select a police chief "when and if a vacancy occurs" through a promotional examination. Upland city council took action last week which will result in an examination being held when it is officially determined that Eugene L. Mueller won the race for sheriff in the Nov. 7 election. He is more than 1,000 votes ahead of James L. Stocker and the counting of the absentee ballots will be started today.

If this count does not change the standings, Mr. Mueller will assume his duties Jan. 3 as sheriff of the county.

Soon after outcome of the sheriff's race has been determined, Richard G. Manley, city manager, will prepare to conduct an examination if the vacancy will exist. As a "promotional" examination it will be restricted to the two captains in the police department—Ralph H. Palmer and Henry Younge. The examination will be conducted in accordance with regulations included in the city's "merit system," and will concern problems in law enforcement.

As is customary, the candidate finishing first in the examination will be given a temporary appointment for one year. After the temporary period expires, the council may make the appointment permanent.

In anticipating the vacancy that may exist in the department head, the council had several alternatives. It could make an appointment without an examination or it could use the "promotional" examination procedure. The council action last week was a decision to call for an examination for the two captains within the department. The new police chief will be appointed when the vacancy occurs in the department.

Prior to the council action considerable interest was shown by citizens in the procedure to be followed in choosing a new department head. After the action became known, the councilmen have received no special comments—and it is known the action was in keeping with popular sentiment.

Thanksgiving Appeal Theme of Rotary Talk By Rev. Rufus Oakey

Pilgrims in the early days were very thankful even though their blessings were small compared with those of today and yet people in this era seldom pause long enough to express thanks.

That was the general theme of Rev. Rufus Oakey in speaking at the meeting of the Upland Rotary club at noon Wednesday. A timely message depicted the contrast in attitudes between the people of the Pilgrim father era and modern times.

His address was preceded by the showing of a film on the making of box shook. Jarvis Leman was program chairman and President Harry Wright presided.

Ernest Mehl Gains After Heart Attack

Much concern is being shown by residents in the community over the condition of Ernest C. Mehl. He is reported to be gaining slightly after suffering a heart attack at his home early Monday morning.

As reported late Wednesday afternoon, his condition was reported "fair." Specialists are hopeful that he will continue to regain strength. A city clerk for many years and later police chief and up until recently a deputy sheriff, Mr. Mehl is widely known in the community. His many friends were shocked to learn of the sudden heart attack.

Mrs. Swab Entertains

Mrs. Bessie Swab was hostess to members of the Rebekah Circle of Silver Link Rebekah lodge last Friday evening at her home, 327 El Morado court, Ontario.

During the brief business session conducted by the president, Miss Edna Owen, plans were completed for the bazaar to be held December 2.

Joyous Occasion

Thanksgiving Observed As Many Families Unite for Holiday

Upland's Thanksgiving was joyous yesterday because so many families were together. Throughout the community hundreds of persons were meeting and dining with each other for the first time in months.

And so the holiday was enjoyed in the traditional manner, in a spirit of thankfulness and in a joyous atmosphere.

The Upland News staff obtained reports of many family get-togethers—and additional reports will be given next week. Today's paper is largely devoted to the Thanksgiving activities of local people and these reports are published on this page and throughout the paper.

Mrs. J. F. Sawyer, 442 North Euclid avenue, enjoyed a visit over the holiday and week-end in Pasadena, where she was the guest of her son and daughter-in-law, Mr. and Mrs. Robert Sawyer.

Enjoying Thanksgiving dinner with Mrs. Edythe Bryant at her home, 581 North Euclid avenue, were her son and daughter-in-law, Mr. and Mrs. Thomas B. Bryant and her son-in-law and daughter, Mr. and Mrs. James Wilson, all of Upland; and her sister, Mrs. Olive Fogel of Hollywood.

Mrs. Anna M. Widmark, 252½ 8th avenue, entertained at Thanksgiving dinner her nephew and niece, Mr. and Mrs. Clayton Watkins, of Bakersfield, who are spending the week-end with her, and Mrs D. J. Burlingame.

Spending the holiday with Mr. and Mrs. Harvey Longanecker at their home, 245 North Third avenue, were their daughter, Miss Helen Longanecker, who came out from Los Angeles, and their son and daughter-in-law, Mr. and Mrs. Curtis Longanecker, and their son, John, of Bellflower.

Yule Opening To Be On Dec. 8

With new downtown Christmas decorations to give a holiday atmosphere to the business district, tentative plans are being made for the launching of a gala "Christmas Opening" here Dec. 8.

Walter Holts, chamber president, said arrangements are virtually completed for placing of new, attractive decorations within the retail area and for new features in the Christmas opening program.

Santa Claus will also make his appearance at that time or later and he is also scheduled to be the guest of local stores next month.

Two New Houses Are Listed in Permits

Permits have been issued for the construction of two new dwellings.

Mr. and Mrs. Jarvis Leman are building a large new house at 860 North Second avenue. He is secretary of the Upland Lefon Growers association. They are now living in San Bernardino.

Loyd J. Earnie is erecting a residence at 824 East Olive street, near where he is now residing.

22 Industries Picked for Sites

Twenty-two industrial firms will be "invited" to occupy sites around the Kaiser Co. steel mill, this number being chosen by promoters from a list of 100 prospects, according to word this week from the W. Ross Campbell Co.

This Los Angeles industrial firm is working on the industrial promotion of the Fontana area and has purchased or taken options on large tracts of land in Fontana.

Mrs. Rowe Hostess To Bridge Club

Members of the Evening Bridge club enjoyed a dessert course to open their monthly meeting Tuesday evening at the home of Mrs. Sam B. Rowe, 1455 North Euclid avenue.

In the bridge games, prizes went to Mrs. Rowe and Mrs. Mildred Puckett.

Mrs. Puckett was a guest, and members present were the Mesdames Eva G. Moore, Paul R. Daggs, Glenn M. Atwood, G. Vernon Sleuman, J. F. Sawyer, Robert H. Henderson, and the hostess.

Red Cross Heads Hear Reports

Carl Callaway of the staff of the Upland branch of the Bank of America was appointed fund chairman of Upland Chapter, American Red Cross, by John Baumgartner, chairman, at the monthly board meeting held Monday evening in the Red Cross rooms. Mr. Callaway succeeds James R. Land, who found it impossible to continue the work.

Among interesting reports given was that of the Junior Red Cross, of which Mrs. Edward K. Hansen is chairman. Three schools have completed their enrollment—Upland Elementary with a total of $98.93; Sierra Vista, with $6.27; and Eighteenth street school, with $10.63.

Enrollment at the junior high and Etiwanda schools is partially completed. Reports have not yet been received from the two Cucamonga schools, nor from Alta Loma or Camp Baldy. Camp Baldy has announced that it will prepare 10 Christmas welfare boxes.

In connection with preparations for the Christmas season, the area covered by Upland Chapter has been asked to provide 20 gifts for hospitalized servicemen at the hospitals at March Air Force Base, Camp Norton in San Bernardino, Camp George at Victorville, and the marine hospital at Camp Irwin, Barstow. Mrs. G. L. Blanchard, volunteer services chairman, who will be in charge, has announced that headquarters has asked that no food be sent.

I.O.O.F. Lodge

Upland Pioneers Honored as 50 Year Pins Given

In an unique and unusual occasion, three "50-year" membership pins were given this week by the Upland I.O.O.F. lodge to three pioneers:

W. C. Cline, Earl Maurer and John Klusman.

Mr. Cline and Mr. Maurer are the only surviving charter members. The charter was issued Nov. 28, 1898 and two years later Mr. Klusman, a pioneer Cucamonga resident, joined the lodge which has played such an important role in the community.

Mr. Cline, as a local cement contractor, has long been active in the community and Mr. Maurer lived here for years until moving to Downey.

Also presented a pin for 45 years membership in the Lexington, Neb., lodge was Sim Bonsall, 1028 North Euclid avenue, who came to Upland several years ago.

The impressive ceremonies in the presentation of the pins were conducted by Ross R. Rittenhouse, grand master of the California I.O.O.F. lodge. In his wide lodge activities this was a rare occasion for him to honor three members for such long service.

Awarding of the half century pins was recognized as a highly significant occasion by many lodges in the southland and many persons from elsewhere were in attendance, in addition to many friends and relatives of the honored members.

In addition to the grand master, other grand lodge officers were here, including Harry Dahlem, past grand master, Earl Chandler, grand guardian, and Robert K. Shine, district deputy grand master.

Mr. Rittenhouse spoke briefly about growth of the lodge in the state but many of his comments were centered on the occasion that honored the Upland pioneers.

In the years following formation of the local I.O.O.F. lodge, steps were taken to construct the two-story business building, which was the largest building here for many years.

Dan Boone, noble grand of the local lodge, presided at the meeting.

Irish Tenor To Entertain Woman's Club

Reciprocity day will be observed by the Upland Woman's club Tuesday afternoon at the club house, with representatives from neighboring clubs attending the meeting, which opens at 2 o'clock.

Mrs. J. B. Swingle, president will preside.

For the program, Mrs. Earl L. Wenger, program chairman, will present Jimmy O'Brien, Irish tenor, who was featured soloist with Ken Murray's Blackouts for four years. He has made guest appearances with Bing Crosby and on many other coast-to-coast broadcasts. He sang a duet with Bing Crosby in "Top of the Morning"; and a solo in "Luck of the Irish" starring Tyrone Power.

Tea will be served by members of the November committee, of which Mrs. Anton Zenz and Mrs. Albert Kanya areco-chairmen.

Name Geo. Mahan President of First Cucamonga C. of C.

Believing that further promotion of their community now is very timely, Cucamonga civic leaders have banded together into a chamber of commerce and George Mahan has the distinction of being the first president. He was elected along with other officers this week as follows:

Ralph Santolucito, vice-president; Carl Masingale, second vice-president, and William Rutton, treasurer.

Other directors are Frank Borgia, Ancil Morris, Ronald Roberts, Andrew Signorio and Frank Paul.

Blood Bank Will Be Here Dec. 18

Opportunity for Uplanders to give their blood to aid the wounded in the armed forces will come Dec. 18.

The Red Cross mobile blood bank will be in Upland that afternoon from 1 to 5:30, Miss Eunice Mitchell, executive secretary of the Upland chapter of the Red Cross, has announced.

Mrs. Leland Scheu is chairman for the mobile unit and she will be in direct charge of the blood bank's coming. At least 200 blood donors are sought and local officials are hopeful the apathy that has prevailed in some other places will not exist here.

Union Services

Thanksgiving Theme Inspiring

Many people were in the First Baptist church of Upland Thursday for the union Thanksgiving service. Many of the local ministers appeared on the program with the Rev. W. H. Burton, pastor of the Nazarene church, being the speaker.

He spoke on the subject, "A Spontaneous Thanksgiving."

In part he spoke as follows:

"Thanksgiving is a typical American holiday. It celebrates no victory on the battlefield nor commemorates the birth of no great man. It was born in the hearts of those early Americans who had a real faith in God and wanted to have a day to publicly show their thankfulness to God. We carry out the original idea of Thanksgiving only as we have a spirit of thanksgiving in our hearts. An attitude of appreciation through the year will produce praise to God on Thanksgiving Day.

"The Pilgrim fathers as well as the inspired writers who gave us our bible, recognized God as Creator, Provider and Redeemer. If we continue to keep this faith we will be faithful to the Thanksgiving Day ideal.

We are not dependent on the favorablness of world conditions for a real day of Thanksgiving but we must have a real faith in God. If we say with the Psalmist that, 'God is our maker'; and agree with Paul that, 'In Him being'; and recognize with Peter that we are, 'Redeemed . . . with the precious blood of Christ,' there will come from our hearts a Spontaneous Thanksgiving to God. 'For out of the abundance of the heart the mouth speaketh.'"

How Many Names in Paper Today?

$5 To Winner In Contest

To the first person who correctly reports on the number of names published in today's edition, The Upland News will award $5 cash. All entries must be received at The News office by 5 p.m. Wednesday, Nov. 29. Entries may be delivered in person or mailed. Time of each entry's arrival will be noted or the postmark record on the mailed entries will be observed.

In case of a tie in the time element, the award will be divided. Announcement of the winner will be made in The News next week.

This is the way to enter the contest:

Count all the names in today's edition. Write your total count on a piece of paper, sign it, and place it in an envelope. Then get the entry to The News office.

Caution is expressed to contestants to be sure and make a very careful count of each individual's name. All complete and only complete names are to be counted. For example count as one name "Sam Jones" but do not count as a name "Mr. Jones" when his name is used again in the same news story.

Judges of the contest will be Dr. James V. Latimer, secretary of the Upland chamber of commerce, and Earl Willis, manager of the Grove theater. The count they make of the names will be the official one in determining the winner.

Names make "news," they say. You have lots of news in today's issue and every issue of The News.

Rent Control To Be Lifted Here End of Year

With Upland the only portion of San Bernardino county to retain rent control, the restrictions on rent prices will automatically be removed here Dec. 31.

The only factors that might change this situation are earlier action by the Upland city council—or general extension of the law by Congressional action.

Local interest was shown this week relative to the local rents and it is known that some landlords are anticipating making changes in their charges Jan. 1. The city council has not as yet had any request for lifting the control provisions but it is reported the matter may be discussed at its next meeting.

Harvey Wertz, speaking for Max M. Bass, area rent director told The Upland News Wednesday that rent control still prevails here even though the control has been lifted in Ontario and San Bernardino city and county. Action by these other governmental agencies does not affect Upland, he said.

The county board of supervisors has lifted rent restrictions in the unincorporated area as have also the city councils of San Bernardino and Ontario.

Local observers expressed the belief rent control has been lifted in all portions of the county, except Upland.

Since the controls are now scheduled to be lifted automatically Dec. 31 local officials may not take any action to hasten the step unless need for earlier action is stressed.

Mr. Wertz said President Truman has asked Congress to extend the rent control law to March and this request may receive attention during the "lame duck" session of Congress.

Recreation Specialist To Be Speaker at Coordinating Group

Arvid O. Pauly, recreational specialist and member of the California state recreational committee, will speak at the meeting of the Upland Co-ordinating council to be held Monday evening, November 27, at 7:30 o'clock.

John Baumgartner, president, is extending a cordial invitation to the public to hear Mr. Pauly. The gathering will be held in the council chamber of Upland city hall.

Richard G. Manley, city manager, is in Houston, Texas, for the annual convention of the international association of city managers. Henry M. Basch, city attorney for Upland and Ontario, is in New Orleans attending the Municipal Attorneys' association convention.

Harry Harlow Speaks At Exchange Meeting

His experiences in the citrus industry and the value of the industry to Upland were points discussed by Harry B. Harlow in speaking at the meeting of the Upland Exchange club Tuesday night. He is manager of the Ontario-Cucamonga Fruit exchange.

Many problems face the growers and the sales side of the industry, he said, but optimism was expressed in looking to the future and possibility of increased consumption of citrus products. Robert Cameron introduced the speaker and President Harland P. Horak presided.

New Fords Displayed Here Today

Residents in the Upland district will be given their first glimpse of the 1951 Fords in the Ellery F. Wright showrooms today. Featuring Fordomatic drive, the new automatic transmission, the new cars will be presented in showrooms throughout the nation today.

"Ford cars for 1951 accomplish notable refinements in styling, beauty, engineering, riding qualities, economy, safety and ease of handling," Mr. Wright said.

Addition of the new automatic device will make available to Ford buyers a choice of three transmissions and two engines—six different power combinations in all.

Both the conventional three-speed transmission and the Ford overdrive will continue to be available. These, with the new Fordomatic Drive, will be offered with either the 100-horsepower V8 or the improved 95-horsepower six engines.

Introduction of Fordomatic climaxes several years of intensive engineering research by the company to develop a fully automatic transmission that is simple to operate, economical, long wearing and easy to service. The device, which will be optional at extra cost.

Ventilated-oven roasting
...GAS HAS GOT IT!

A TURKEY roasted *uncovered* in the oven of an automatic gas range is turkey at its best. The skin is crisp and golden, and sealed beneath it are all the tempting juices and flavor bred into the bird. The meat is tender... moist... delicious ...because it's really roasted, not "stewed." Continuous circulation distributes the heat uniformly to every part of the oven... creates an air-conditioned atmosphere where odors of foods from the previous meal never linger, where flavors of two foods cooked at the same time don't mingle. Gas is so controllable you can roast at low temperature. This minimizes shrinkage, prevents dryness.

Gas is truly superior for roasting and for every other cooking method. You fully enjoy all of its exclusive advantages in a new automatic gas range. See the displays at dealers' or your Gas Company. You'll find that these wonderful new ranges cost less to buy and less to operate, too!

Among the many makes of gas ranges on display is this beautiful new
GAFFERS & SATTLER
...a CP model. Others you'll see include Caloric, Grand, Hardwick, Magic Chef, Maytag, Occidental, O'Keefe & Merritt, Roper, Tappan, Wedgewood, Western-Holly.
Look for this seal. It's your guide to the very finest in modern cooking appliances.

By DON BENSON

Now that the end of the football seasondraweth to a close, and the idiotic-season starts, where everyone starts naming all-this and all-that teams, so let us throw in our two cents' worth.

First, let us start to muddle around and name the most valuable Tiger and Panther player, with Jim Densmore heading the Panthers and Dick Eimers for the Tigers.

Eimers, who was certainly one of the best punters in C.B.L. history, pulled the Tigers out of a heck of a lot of holes with his booming punts that went for unbelieveable yardage. He also played a mighty fair game of guard, so help us make this choice.

Warren Hawley, DeWayne Simms, and Jim Merrill also had their moments, and will no doubt have many more, too.

For the Panthers as far as we are concerned, Jim "Crazy-Legs" Densmore was the offensive spark that made the Panthers click. This guy could and did do more for the Panthers than any other player, unless it was old dependable Sherm Hall. Hall shone in the un-sung role of blocker and defensive back, while Densmore was the guy who seemed to light the fuse for the few scores the Panthers made when it meant a win or a loss.

Then there is Bob Rudolph, who looked very sharp; Don Cornett, Willie Richardson, the mighty mite of a red-head, who can always play on our team, for the fire and spirit he displays. Then there was Bud LaMonk, the sophomore guard and tackle, who played as always, top-rate.

Being my picks mean less than nothing anyway, let's throw in another guy, and we mean lean and lank Gaw'ge Hobbs, who in our opinion, has done the best job of coaching since he arrived at the school with the double-drive avenue. . . . Yes, G. Hobbs really had his work cut out for him this year, and we think he had pretty good results, considering everything from the start of the season.

For those of you casaba fans who have grown just a wee-bit weary of seeing the Panthers take a going-over from the other schools, we want to offer a genuine guaranteed offer that you will see a different and a better Panther basketball team this season of '50-'51. Coach Harvey Shirk has players the likes of Robbie Davis, Larry Jones, Garry Bowers, Dick Schwendinger, and Tom Deeming. These will be aided and abetted by forwards Les Weaver and Don Farquhar; Jim Wolf at center, and Larry Dickey and Tex Franks at guard.

The Panthers, having whipped the alumni rather handily last week, are in the throes of rounding into shape, as they take on El Centro J.C. here Dec. 2. The Panthers are working and playing hard to get into top-shape for the 10th Annual Chaffey College Invitational Basketball tournament, to be held on the Chaffey floors Dec. 13-16.

In a round-about way, we heard the plaintive plea of some of the small fry who are Irish green freshmen at Chaffey. These kids are maddern' !!!! at the coaching powers of the Chaffey high school, and for a very good reason, too. It seems that coach Harry Yochem, who has charge of the baseball squad has decreed that small size squirts of the freshman variety might just as well forget about playing baseball for the Tigers until a later date, or until they are "bigger". . . . Shucks, coach Harry, don't you realize that some of the greatest baseball players were dern sharp players when they were still around 15 years old or so? And since the advent of the Upland Little League, that saw some very fine baseball played just this last season, wouldn't it be a pretty good idea to at least give these new kids a chance to honestly show what they can do? They might surprise you. As they surprised thousands of fans last summer. . . . Thank you, Harry.

Last Rites Held For Jacob Teuscher, Long-time Resident

Funeral services were conducted Monday afternoon at 2 o'clock at the First Mennonite church for Jacob Teuscher, retired rancher and a resident of Upland for the past 33 years. The Rev. Earl Salzman, pastor, officiated, and entombment followed in Bellevue mausoleum.

Mr. Teuscher passed away last Friday night at his home, 452 North Campus avenue, at the age of 90 years. Though he had been in failing health for a year, he had been up and around until a few days before his death.

A native of Germany, Mr Teuscher came to Upland from Milford, Nebraska. His wife, Phoebe Ellen, died three years ago. He was a member of the First Mennonite church.

Surviving are three daughters, Mrs. William Kronen of Upland, Mrs. Milton Johnson and Mrs. Earl Daniels, of Los Angeles; a son, William Teuscher of Upland; two grandchildren and two great-grandchildren.

The Stone mortuary was in charge of arrangements.

Panthers Win Over Cal Poly

Playing before the smallest crowd of the year at Graber Field, the Chaffey Panthers finally got themselves in gear, and defeated Cal Poly 27 to 13 last Friday

While coach George Hobbs was no doubt fooling around experimenting, and looking ahead to the Mt. Sac game, the Panthers needed a shot of adrenilin to shake them awake in the second half.

Bob Rudolph ran for five yards following a recovered fumble by Dean Metcalf. Chaffey took possession of the ball on the Broncs' 35 with Don Cornett going 16 yards, and a pass interference gave the Panthers the ball on the seven. Chuck Slover packed it over in two tries, and Valadez' kick was good for a 19-13 lead.

Dean Metcalf helped salt away the game, as he intercepted a pass and almost went all the way, before being downed on the 18. The Panthers had the rule-book thrown at them and they wound up on their own 48. Rudolph flung a pass to Cornett good for 35 yards, then hit Dick Vetterli, who managed to cross the last line for the T.D., with Valadez booting the extra point, for the final score of 13-26 in the Panthers' favor, although the Mt. Sac scouts must have been dreaming of the first Mountaineer win in history over the Chaffey Panthers.

Following her talk, Mrs. Albert B. Weisbrod sang "My God and I," accompanied by Mrs. Kipp.

During the business session conducted by Mrs. Grant Brown, president, Mrs. W. M. Cate, hospital representative, reported on the recent meeting of the Woman's Auxiliary of San Antonio Community hospital, giving highlights on Dr. R. N. Williams' talk on the rheumatic heart clinic.

Mrs. Jellison spoke briefly about the new study groups of the guild, and leaders reported on their first meetings.

Projects which have been undertaken by the guild include sending a box of needed articles to The Neighborhood House in Calexico and also a Christmas gift of $25; and also sending $25 to the Sierra Madre Children's home for Christmas.

Guests at the meeting were Mrs. S. J. Moyer of Upland and Mrs. Novella Creighton and Mrs. Roberta Waters, both of LaVerne.
